# March 2022

Spring swim lessons, lifeguard training and more!

Hello and thank you for reading our newsletter. We will be sending a newsletter out once a month to update our members and guests on the events and activities occurring at the pool. Right now we are ready for Spring lessons to begin and we want to introduce two new team members.

My name is Mary Ritchey and I will be your office manager. I will be writing monthly newsletters and sending updates for our members and guests. I am eager to get the word out about what's going on at the pool and maintain communications throughout the seasons. I'm a life-long member of the pool and was born and raised in Worthington. I am happy to be a part of this great team.

Our new Director of Swim School is Karen Dayton. She is very excited to work with everyone to develop a spectacular swim program. She's been a swimmer all her life. Her parents believed in their children starting early, 6 months old even. She was born and raised in Cincinnati and was a competitive swimmer for 16 years. Karen understands how to design a program to help you or your child obtain this life saving skill.

We are implementing a new system called Jackrabbit. It is going to make registering for classes a lot easier. Our Director of Swim School, Karen, has worked with Jackrabbit in the past and says, “this system has everything you may need or want for a swim program. It has the capabilities to email your instructor directly. This is a great tool to have in case someone might miss a lesson. No more having to call the pool. Just access the portal we have set up, and send a message. Our program will thrive with the help of each and everyone of you.”

Our current indoor swim hours are:

Weekdays 10:00AM – 12:30PM

\$8 per swim, or \$50 unlimited monthly pass

---

THIS MONTH'S  
TOP STORIES

## Group & Private Lessons

Our aquatics program is designed to teach personal water safety and stroke development to youth and adults alike. Lessons range from “Baby and Me” style classes all the way to Learn to Swim lessons for adults.

# Lifeguard Certification

A three part course that **must be completed in order**. Skills courses run weekly so no need to wait for a school break or summer! Once all portions are completed each passing participant will receive a CPR/AED Professional Rescuer, First Aid, and Lifeguard certification that is good for 2 years.

# Pre-Competition Sign Up

Practice is two days a week. Pick between a Tuesday or Thursday session and the Sunday session including in water and dryland workouts. Class time on Sundays is 2pm-3pm and weekday class time is 5pm-6pm. This class is a good bridge between swim lessons and swim club.
